Radically different care for a healthier life.

We are a tech enabled healthcare provider that aims to serve every nationality living in the UAE.

We compassionately bring personalized care, advanced treatments, unparalleled expertise, state-of-the-art technologies and facilities to all our patients.

We compassionately bring personalized care, advanced treatments, unparalleled expertise, state-of-the-art technologies and facilities to all our patients. Our expertise has been established in a myriad of services dedicated towards betterment of our patients and communities. With latest technological advancements and a council of experts, we are able to offer next generation healthcare services quickly, easily and closer to you.

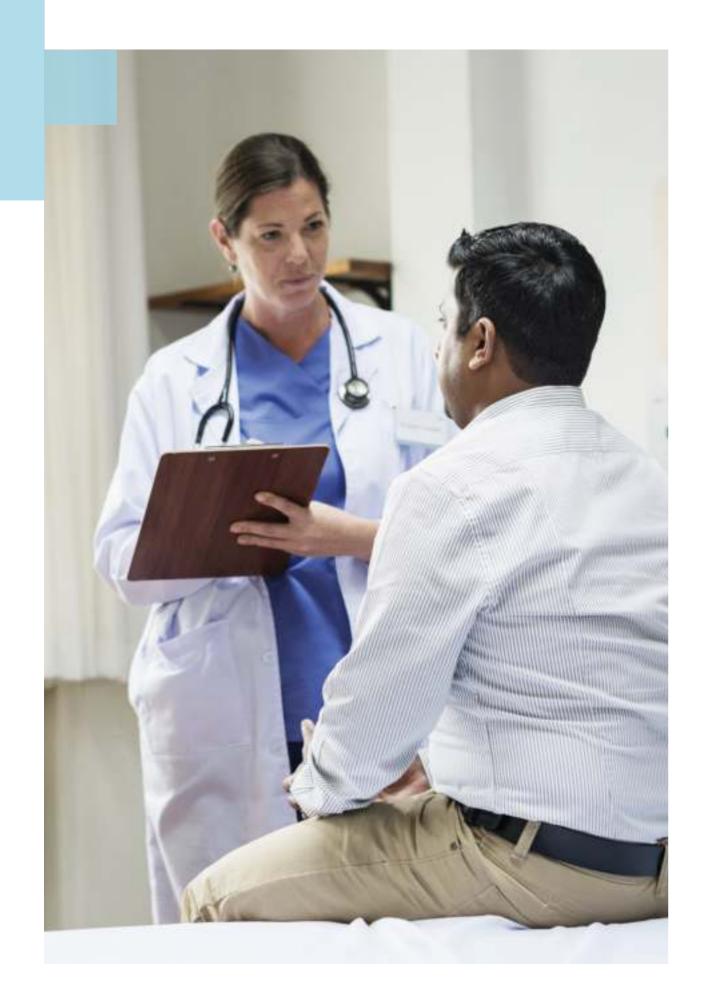

Keeping Your Employees In Good Health

A recent study shows that an average medical appointment takes around 121 minutes, including travel time and time at the care facility. Of those 121 minutes, a patient spends only 8-12 minutes face-to-face with their doctor. That's less than 10% of the total time a patient invests in seeking medical care.

Novitas Onsite Care is here to revolutionize the way business owners view employee healthcare. We are fully equipped to partner with you to provide medical care for your employees at the workplace, which will not only offer convenience, but will also save precious time and cost.

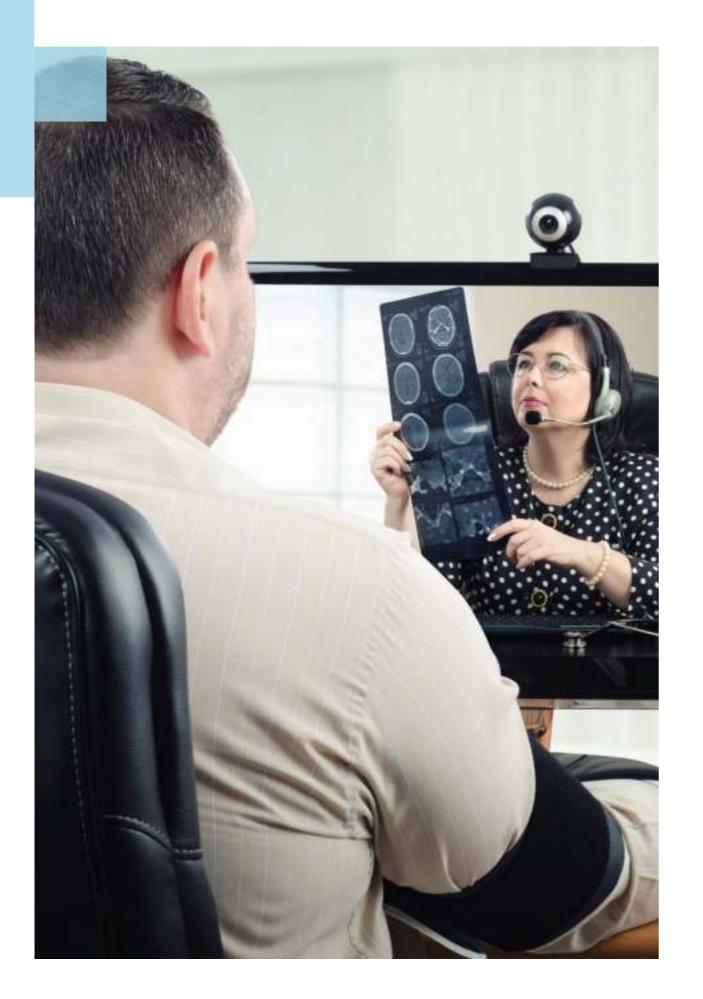

Customized Healthcare Solutions For Your Organisation

Novitas will work to address unique healthcare requirements and offer solutions that are customized for your business and keeping your employees in mind. We have conducted a detailed study in the following areas while devising the ideal healthcare solutions for you.

No. of workforce
Past history
Avg. employee age
Kind of business etc.

Convenient Care For A Thriving Workforce

We leverage the expertise of our doctors, para medical staff and advanced technology while maintaining a personal touch. Our onsite clinics include Virtual Healthcare Suites where highly experienced doctors supervise, trained nurses attend the patients such as taking vitals and support the provider as they treat them 24/7.

Services Offered

Our onsite clinic staff have the skills to evaluate a patient who may need to be transported to a hospital for further care. This personalized, round-the-clock, healthcare is delivered in a safe and convenient environment which aids in employee comfort and eliminates the stress associated with typical hospital and urgent care visits.

Our services include:

- allergic reactions, etc.
- 24x7 Consultation with doctors online, diagnosis, answers to questions and concerns, and educational material in a cost-effective, timely, and efficient manner
- Delivery of medications

Onsite Care

• Onsite nursing staff handling basic emergencies

• Non-urgent medical care for ailments such as the routine fever, common cold, ear infections, mild

• Testing for COVID-19, physical examinations, screening tests, and vaccinations

Employed And Insurance Company Benefits

Employer and Insurance companies benefit through enrolling into Novitas Onsite Clinics which helps employers manage healthcare spend and aids insurance companies honour claims without ambiguity.

Onsite clinics help drive savings in several ways: reduced absenteeism, improved retention, prevention of advanced disease stages, strategic referral patterns and providing employees with a better understanding of the healthcare system.

We work together closely with the Insurance companies, TPAs, broking firms and the employers to control and evaluate claims. Our strategy is focused on helping employees find in-network providers when care exceeds the clinic's scope, educate on proper emergency room utilization and guide employees to high-value care options, thus, reducing hospital admissions in a big way.
